

Big Question: How are humans similar and different to wild animals?

Scientist to celebrate:

Steve Irwin

Key vocabulary:

diet	the food eaten by animals.
omnivore	an animal that eats plants and animals.
carnivore	an animal that only eats other animals.
herbivore	an animal that only eats plants.
senses	the ways that animals understand the things around them.

We are finding answers to questions by:

- Researching
- Pattern seeking.
- Identifying, grouping and classifying.

We are working like scientists by:
